Portfolio

EDUCATION

FAST-NUCES

BS Software Engineering (In Progress) — CGPA: 3.32

Islamabad, Pakistan

2024 – Present

F.G. Sir Syed College

Intermediate, Pre-Engineering

Rawalpindi, Pakistan

2024

EXPERIENCE

AI/ML Intern

ORBIT-I

Jun 2026 – Aug 2026

- Building and evaluating ML models, data preprocessing, and supporting AI-driven feature development.

Frontend Developer Intern

Software Productivity Strategists, Inc. (SPS)

Jul 2025 – Aug 2025

- Developed and maintained front-end features using React and modern web technologies.

PROJECTS

Studify — AI-Powered Study Companion | React, Node.js, Express, MongoDB Atlas

Live 2026

- Full-stack MERN study platform where students chat with their own notes via a custom RAG pipeline with local embeddings and MongoDB Atlas Vector Search, plus AI summaries, quizzes, and OCR for scanned documents.
- Shipped secure auth (email OTP, JWT), rate limiting, per-user data isolation, and multi-provider LLM failover; deployed on Vercel, Railway, and MongoDB Atlas.

Cybercrime Digital Evidence Integrity Management System | Java, JavaFX, SQL Server

2026

- Desktop evidence management system with SHA-256 tamper detection, immutable chain-of-custody logs, state-machine workflow, and RBAC for three investigative roles.

Smart Disaster Response MIS | Next.js, Node.js, Express.js, SQL Server

2026

- Full-stack MIS with role-based dashboards, real-time coordination, SQL Server triggers, and ACID transactions.

Ocean Route Navigator | C++, Data Structures

2025

- Maritime route planner using Dijkstra's and A* with custom priority queues and graph structures.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, Python, Flask, Django

Database & APIs: MongoDB, SQLite, SQL Server, REST APIs

Languages: C++, Java, C#, C, Python, TypeScript

Tools: Git, Postman, Vite, Vercel, MERN Stack, OOP, DSA

ACTIVITIES

FAST Computing Society (FCS) — Officer

Organizing computing events, workshops, and technical sessions on campus.

Nov 2025 – Present

Software Engineering Society (SES) — Officer

Coordinated technical events; recognized at NaSCon 25 for outstanding contribution.

Jan 2025 – Present

CERTIFICATIONS

Teaching Assistant (Discrete Structures)

FAST-NUCES, Dept. of Software Engineering

Fall 2025

Crash Course on Python — Google Coursera

Credential: verify/JG83O8DXOX1J

2025

World Space Week Certificate of Excellence

Runner-Up: Shooting the Night Sky (IST & SUPARCO)

Dec 2019
